

Statement Regarding Chris O'Neill (Oneyplays),

I would like to share my story involving Christopher Luke O'Neill, also known as Oneyplays. I am writing this statement as an attempt to heal from my experiences, and have some closure on what is a very painful memory that has affected me now in my adult years, at 29 years of age.

Around late 2012/early 2013, I began an online exchange with Chris that eventually turned sexual/romantic in nature. I was 16 years old at the time, still in high school, and Chris was aware of this. He was 22-23 years old. I was underage. I feel he took advantage of me being a fan of his at the time popular Youtube Channel, OneyNG, to develop an inappropriate relationship with me. This eventually culminated in meeting him at a hotel when I was 17 years old, in March of 2014. Here, unknown to my family, Chris and I met in secret and engaged in sexual conduct including oral sex. Some time after this, he claimed he loved me. I thought I loved him too, and a fear of ruining his image with our exchange had me keep this story from the public eye for many years.

Chris was very careful about what I shared with others, and what he shared with those around him about my relationship to him. He knew what he was doing was wrong and was incredibly intentional about his knowledge of the law. I was frequently warned to not tell anyone, and I felt manipulated into silence for years. The push for me to be silent did not end after this in person encounter with him either; I was pressured to stay silent for years after this event, to this very day. This ends now.

I have reason to believe that Chris is still treating women horribly, and my fear that he may be continuing to enact this sort of behavior to other minors has come to a head. I want to share my experience so that other women can know what kind of man they are approaching when they choose to engage with him.

The below images serve as my evidence. I have blurred my face for my own safety and anonymity:

- 1) I have attached a screenshot of the photos that contain a date (maintained by metadata) of the time we met.
- 2) Also pictured below is an image of a snapchat exchange between Chris and I in 2023, where I approached him asking if he groomed me. His response is as shown, and our ages are stated by Chris himself.
- 3) Shown as well are several exchanges between Chris O'Neill and I over facebook messages, his name unavailable due to him having deleted these accounts. The messages were recoverable, however. More messages from this time of a sexual nature were omitted due to the nature of the subject and my age when they were sent/received.

I've submitted all the evidence to the proper authorities. If something similar happened to you when you were under 18, please report it directly to law enforcement:

NCMEC CyberTipline (report.cybertip.org / 1-800-843-5678)

FBI (tips.fbi.gov)
